## AGENDA

for the conference "Management of Latvian-Lithuanian transboundary water bodies"

September 6, 2022

Moderator: Inga Retiķe

9.30 – 10.00	<i>Registration and coffee</i> ☕	
10.00 – 10.05	<b>Welcome &amp; acceptance of Agenda</b>	Iveta Teibe / Ministry of Environment and Regional Development (Latvia)
10.05 – 10.20	<b>Presentation of Project TRANSWAT</b>	Project manager Tatjana Kolcova / Latvian Environment, Geology and Meteorology Centre
10.20 – 11.00	<b>Results of habitat surveys in Latvia and Lithuania</b>	Jolanta Jekabsone / Latvian Environment, Geology and Meteorology Centre & Vytautas Akstinas / Lithuanian Energy Institute
11.00 – 11.20	<b>Results of fish data collection and analysis</b>	Kaspars Abersons / Pārtikas drošības, dzīvnieku veselības un vides zinātniskais institūts "BIOR"
11.20 – 11.40	<b>Habitat modelling results (Lithuania and Latvia) &amp; Methodology for E-Flow estimation</b>	Tomas Virbickas / The Nature Research Centre & Tatjana Kolcova / Latvian Environment, Geology and Meteorology Centre
11.40 – 12.00	<b>Application of project results - Recommendations to the amendment for national water legislations</b>	Kaspars Abersons / Pārtikas drošības, dzīvnieku veselības un vides zinātniskais institūts "BIOR" & Marina Čičendajeva / Latvian Environment, Geology and Meteorology Centre
12.00 – 13.00	<i>Lunch</i> 🍴	

LATVIJAS VIDES, ĢEOLOĢIJAS UN METEOROLOĢIJAS CENTRS

LIETUVOS ENERGETIKOS INSTITUTAS

UNIVERSITY OF LATVIA

13.00 – 13.20	<b>Ecological quality of five sparsely monitored transboundary lakes</b>	Dāvis Ozoliņš & Laura Grīnberga / University of Latvia
13.20 – 13.40	<b>Zooplankton in transboundary lakes</b>	Inta Dimante-Deimantoviča / University of Latvia
13.40 – 14.00	<b>Importance of spring monitoring: from drinking water source to integrated water management tool</b>	Inga Retiķe / University of Latvia
14.00 – 14.20	<b>Fish communities in transboundary lakes</b>	Jānis Dumpis / Pārtikas drošības, dzīvnieku veselības un vides zinātniskais institūts "BIOR" & Tomas Virbickas / The Nature Research Centre
14.20 – 14.40	<b>Lake bathymetry as a tool for sampling plan design (BIOR, Jānis Dumpis)</b>	Jānis Dumpis / Pārtikas drošības, dzīvnieku veselības un vides zinātniskais institūts "BIOR"
14.40 – 15.10	<i>Coffee break</i> 	
15.10 – 15.30	<b>The need for bilateral harmonization of assessment and monitoring methods, management</b>	Jolanta Jēkabsone & Marina Čičendajeva / Latvian Environment, Geology and Meteorology Centre
15.30 – 15.50	<b>Management of transboundary lakes - pressures affecting the lakes and possibilities for their reduction</b>	Ineta Aršauska / Latvian Environment, Geology and Meteorology Centre
15.50 – 16.10	<b>Discussions and closing of the conference</b>	

LLI-533 Joint management of Latvian – Lithuanian transboundary river and lake water bodies (TRANSWAT)
